HISTORY

A new way for conceiving the bathroom.

Since 1944, with over 70 years of experience, Inda - Italian producer of bathroom furniture, accessories and shower enclosures - has been helping its customer to stylish and ergonomically furnish their bathrooms. The Group's ability to capture the needs and tastes of a diverse, constantly-changing public and anticipate current trends has helped it consolidate its leading place in international markets. The Group has three product ranges: furniture, shower enclosures and accessories. Its creations shape a unifying design, ideal for endless bathroom-furnishing solutions. Inda's design arises from creativity, originality and distinctive elegance expressing on all styles from classic to modern, to the most avant-garde solutions, that respond harmoniously to the way living evolves. It is a global project that comes through in every architectural situation thanks to the exceptional versatility and dedication of its creative and productive resources.

gro agencies

is renowned for quality of service, extensive knowledge and complete product selection for all your bathroom and kitchen fittings.

Family Values

Located in Osborne Park, the hub for bathroom products in Perth, Gro Agencies is a family owned and operated business importing Quality European bathroom products. We have been offering personal and professional service to our customers for over 30 years. With hands on experience from all sides of the plumbing industry our service and advice is the backbone of our business. As an importer of Quality European bathroom products with national distribution through our network of retail partners, our showroom is regularly updated with the latest bathroom products.

TOTAL LIVING

A bathroom with a coordinated aesthetics.

ACUTO

handleless model with upper groove opening.

PRESTIGE

is characterized by the typically shaped front providing distinctive look.

LOGICO

features an integrated handle on the upper edge of the front, available in satinized aluminum or matt and glossy lacquered, in the same color as the front or in contrasting color.

TECHNICAL SPECIFICATIONS

QUALITY MATERIALS WITH RESPECT FOR THE ENVIRONMENT

INDA ecological conscience is expressed by the choice of eco-sustainable materials and by production processes respecting the environment. The suppliers of raw materials and semi-finished products are selected according to these fundamental principles. All materials are tested for resistance to mechanical and environmental stresses, such as humidity, wear and heat, to offer the maximum guarantee of durability.

WATER-REPELLENT PANEL

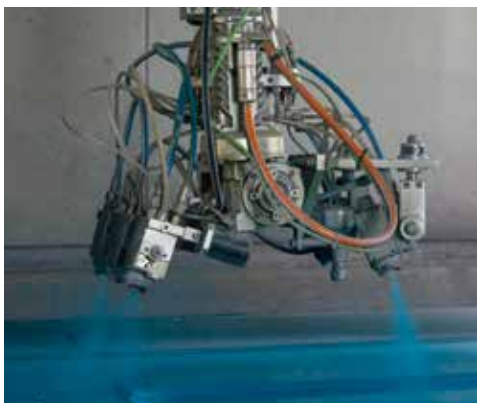

Inda cabinet structures are made of water repellent wooden fiber panels according to V 100 standards. This standard ensures maximum panel resistance to humidity conditions - which are common in the bathroom environment.

THE IMPORTANCE OF A GOOD SEALING

The edges of our furniture are sealed with polyurethane glues, for a further protection and sealing of panels against moisture and a better resistance of the assembly over time.

The glues we use - once they are stuck on the material - through a process of polymerization activated by heat, make the fixing process irreversible for a better resistance to high temperatures.

THE LACQUERING PROCESS

The lacquering process is long and complex: the quality of the final product depends directly on the correct execution of every working phase, for a perfect aesthetic result not only at the moment of purchase, but lasting over time.

The preparation of materials on MDF with a polyurethane bottom previously sanded down ensures a durable grip and a superior color depth.

A robot equipped with optical sensors in a controlled temperature environment guarantees a plain distribution of paint on the flat surfaces as well as on the edges.

LACQUERED OR WOOD-LAMINATED PANELS: THE REASONS FOR A CHOICE

INDA proposes one of the widest choice of mat and glossy colors, completed by a great selection of wooden finishes and special materials and fabric colours. We have chosen to propose the plain colors in lacquered version only: this choice allows us to avoid the annoying glue stripe which is typical of the plain color laminates.

THE DIRECT POLISH

The lacquering of glossy products is obtained through the technique of "direct polish", widely employed in the automotive trade thanks to the superior brightness it allows to obtain (95 Gloss). The final product, shining like a mirror, does not have the circular scratches typically caused by brushing. We use the impressive quantity of 160 grams of lacquer for square meter.

THE DRAWERS

Our drawer mechanisms allow easy adjustment and disassembly for periodic cleaning by the end user, without any special equipment. The dynamic load capacity of the drawers ranges of 40 kg is largely sufficient to ensure perfect durability. The drawers of the LUXY series are offered in two finishes: white or anthracite.

The laminates HPL:

- Easy to clean - Its smooth surface does not allow dirt to stick
- Heat resistant - Temperatures changes do not affect its properties
- Impact resistant - Able to withstand impacts with blunt objects without damage
- Hygienic - The non-porous surface makes it hygienic and easy to clean
- Scratch, wear and tear resistant - Its density makes it resistant to scratches and wear
- Anti-mildew

LEONARDO

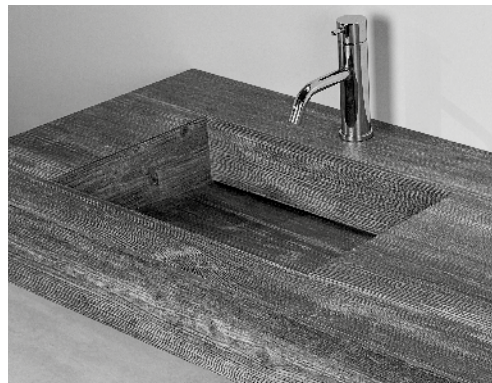

Evergreen
beauty.

LEONARDO means strength, beauty and reliability. The stratified HPL tops guarantee an everlasting beauty, maximum resistance to wear and tear, and guarantees the same hygiene level of antibacterial products.

LONARDO H 1 CM
HIGH PRESSURE LAMINATE WORKTOP WITH
INTEGRATED WASHBASIN

- to be assembled on base units only
- continuous water drainage
- without overflow
- supplied with central positioned tap hole. Please specify if needed without tap hole, with multiple holes, or with non-centered hole

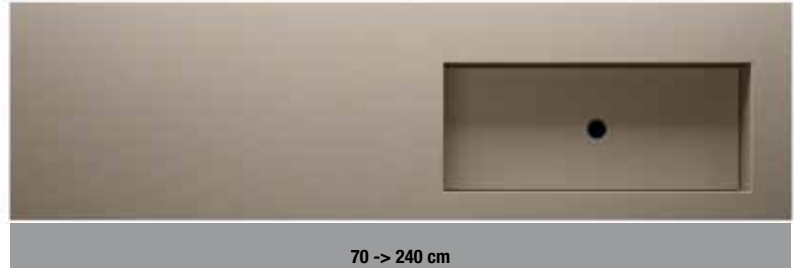

LONARDO FREE H 14 CM
HIGH PRESSURE LAMINATE WORKTOP WITH
INTEGRATED WASH BASIN

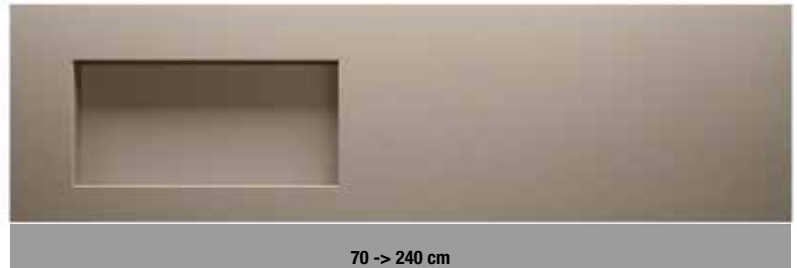

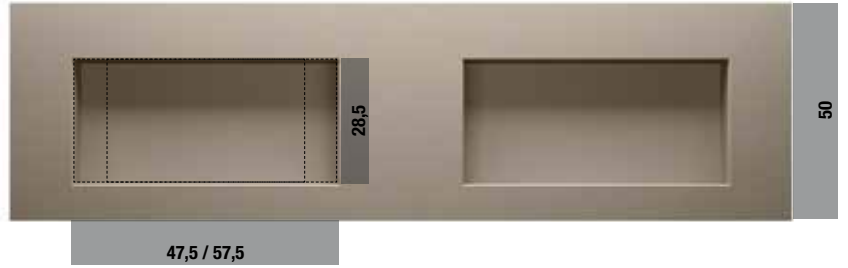

- free standing installation, steel supports for wall hanging included
- continuous water drainage
- supplied with central positioned tap hole. Please specify if needed without tap hole, with multiple holes, or with non-centered hole

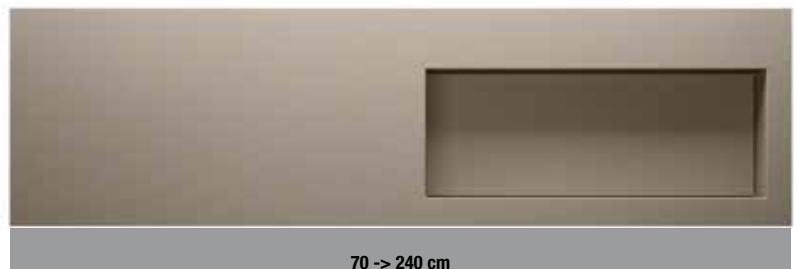

Washbasin with drain hole, drainage valve not included
