# A lifetime of luxury bathing

Victoria + Albert Baths was born out of a passion for luxury bathing.

The vision was simple: to set the standard for style, innovation and performance in bathing products. Today, our baths, basins, taps and furniture are found in some of the world's most luxurious hotels and homes.

We pride ourselves on attention to detail; from the quality craftsmanship and materials that go into each of our products, to the support from our expert customer services team. They can dispatch orders from one of our global distribution centres within days.

With the peace of mind of a 25-year domestic guarantee\*, choosing Victoria + Albert is more than a purchase, it's an investment for life.

\* Guarantee limited to white QUARRYCAST™ products only; excluding exterior paint finish, taps, waste kits and plating on feet. This does not affect your statutory rights.

## What is QUARRYCAST™?

Our specially developed QUARRYCAST™ material is made from a unique blend of Volcanic Limestone™ and high-performance resins.

Volcanic Limestone™ is Victoria + Albert's name for the very special white rock that is perfect for making baths and basins. It is formed when the elemental forces associated with liquid magma act upon surrounding soft, chalky limestone. The immense heat and pressure from the magma transforms the neighbouring rock into a new material made up of incredibly hard strands.

We blend milled Volcanic Limestone™ rock with high quality resins to bind these strands into a complex 3D matrix. The finished result is QUARRYCAST™ - a world class stone composite that delivers unrivalled strength, durability and beauty.

# What are the benefits of QUARRYCAST™?

• **Easy to clean:** the naturally glossy surface is easy to wipe clean.

• **Warm:** warm to the touch with high insulating properties, keeping your bath water warmer for longer.

• **Scratch and stain resistant:** the naturally white, glossy surface is incredibly durable, and resistant to hair dyes and bath oils.

• **Strong:** QUARRYCAST™ is solid all the way through - more than twice as hard as acrylic with no creaking or flexing.

• **Lightweight:** surprisingly lightweight, the average weight of our baths is just 72kg.

• **Guaranteed\*:** 25-year consumer guarantee, 8-year commercial guarantee.

\* Guarantee limited to white QUARRYCAST™ products only; excluding exterior paint finish, taps, waste kits and plating on feet. This does not affect your statutory rights.

# A world of colour

We are pleased to announce the launch of a new colour service, allowing you to personalise the exterior of our freestanding baths and basins to coordinate with the rest of the bathroom's design. In addition to our existing six standard paint finishes, we are now offering a spectrum of 194 RAL colours, in either gloss or matt finishes.

Each finish is multi-layered using a special catalysed paint, with hand polishing between applications. The technique results in an exceptional depth and lustre to the finish, and is considerably more durable than hand painted surfaces.

Visit [www.vandabaths.com](http://www.vandabaths.com) to view the whole range of colours.

\* Note: Please allow up to a 6 week lead time for all painted baths and vessel basins. Please speak to a sales representative to request a RAL Order form. Victoria + Albert Baths define "gloss" at a 90% gloss level, and "matt" at a 20% gloss level.

**SL** **D**

## Coming full circle

Taizu: our first collaboration with Hong Kong-based designer, Steve Leung. Renowned for his contemporary touch, Leung takes inspiration from Asian culture and arts.

The opulent circular bath has been inspired by the fine porcelain designs of the Song Dynasty. Cast in our signature QUARRYCAST™ material, Taizu is a spa-style centrepiece that is at home in the most luxurious bathrooms.

“Bathing is a relaxing experience, reinvigorating the body and mind. Daily life is increasingly intense; this moment of tranquillity is a precious indulgence. I wanted to create an iconic bath that draws a connection between East and West, referencing the past with a view to the future.” – Steve Leung.

Visit our website to find out more about Taizu's design.

## Bring the indoors outside

Make the most of nature with an outdoor bathroom installation. Victoria + Albert's baths and basins are the perfect choice for a luxurious spa-style setting. Made from our signature QUARRYCAST™ material, they are 100% UV resistant and retain their natural whiteness in the sun, without any yellowing or fading. QUARRYCAST™ is also resistant to thermal shock cycles, meaning that through the changing of the seasons, the bath won't weaken and crack.

Our baths have been installed in luxurious outdoor locations including this stunning residential property in Los Angeles, USA.

Design by: LMID, Inc. / Photography by: Jim Bartsch Photography

# Baths

An award-winning range of freestanding baths catering for bathrooms of all styles and sizes. From compact soaking tubs to roomy rolltops, there's a shape and style to suit every bather. Our unique QUARRYCAST™ composite has been a market leader for over twenty years. Available in six standard exterior paint finishes, or explore our spectrum of new RAL colours in gloss or matt finishes.

Taizu is our first collaboration with renowned Hong Kong based designer Steve Leung, who is known for using Asian influences in his designs.

The opulent circular bath has been inspired by the fine porcelain designs of the Song Dynasty. The gently sloping sides are softened by a chamfered edge and sculpted detail at the base. With a diameter of 1500mm, Taizu is a spa-style centrepiece that is at home in the most luxurious bathrooms.

Available in six standard exterior paint finishes, or explore our spectrum of new RAL colours in gloss or matt finishes.

# Recessed basins

The first ever range of QUARRYCAST™ recessed basins include modern and traditional styles with flexible installation options.

This year we add to the collection with the new Kaali and Kaldera undermount basins. Available in different sizes and shapes you're sure to find a format to suit your design requirements; choose from round, oval or rectangular styles.

# Washstands

Victoria + Albert's washstands are perfectly suited for modern or traditional interiors. Choose between two styles; the Neoclassical Candella with elegantly detailed legs, or the Edwardian Metallo, which features distinctive joint details. Explore the different basin options, which include a striking Quartz top with an undermounted basin, or one of our generously proportioned Solo basins. This collection is designed by Meneghello Paoletti Associati.

## Find us online

For more information about our products, including 2D and 3D CAD files, fitting instructions and care and cleaning advice, visit our website [www.vandabaths.com](http://www.vandabaths.com). You'll also discover our useful "Find a Showroom" tool that allows you to locate your nearest displaying showroom wherever you are in the world.

If you're looking for bathroom design ideas why not take a look at the "Inspiration" section on our website? You can also follow us on Instagram, Twitter and Pinterest, where we share stunning bathroom projects on a daily basis.

The exact colour and finish of products may vary from those depicted in this brochure. We always recommend that consumers visit their nearest Victoria + Albert approved stockist, details of which can be obtained through our website, [www.vandabaths.com](http://www.vandabaths.com)

Victoria + Albert pursue a policy of continual development and improvement and as such, product specifications may be changed without prior notice.

All dimensions listed herein are only intended as a guide. Being cast products they are subject to a size variance of +/- 5%.
